

Company Profile

An Organisation Overview

Aventura, an ISO 9001: 2008 certified company, is one of the leading names in supporting OEMs in the Indian water sector. A decade old presence and experience in the Indian water market provides us a clear and thorough understanding of the needs for premium products by the system integrators.

Our team of dedicated, qualified and experienced water professionals continuously strives to enhance the product offerings thus providing our clients access to one-stop-source for a comprehensive range of quality products for water treatment, water handling and wastewater treatment equipments. All our home grown brands are tried and tested as per international standards and are applicable for a wide variety of technologies at the competitive price points.

At Aventura, we believe that our relation with the OEMs don't conclude with just selling of the products instead our technical team extends its support and service to the OEM community at local levels for their continued and sustainable business growth. Having established a firm foothold in the national market with presence in 27 locations across the country, Aventura has an overall market share of 30 % in the component sector and serves close to 75% of the OEM base.

Value of 5

Since its inception, Aventura's operations have been guided by five guiding principles. We like to define these elements as our 'VALUE OF 5' and these values help us to develop a lasting association with the OEM community. Our 5 Components of Success include:

1. World Class Products & Technology

Through our range of offerings, we present products and technologies meeting international quality standards to help develop best-in-class systems.

2. Knowledge Sharing

Aventura believes in extending its knowledge and experience on the India water industry to assist its clients make the apt business decisions. Our team of experts provide technical support at each step starting from material procurement to design, proposal and service.

3. Integrated Solutions

Our integrated solutions aid our clients with a reliable source for every requirement you have for your plants.

4. Expanding Your Reach

Our international quality standards ensure your access to better quality products and exposure to the latest technologies recognised and adapted around the globe.

5. Building Relationships

Being here for you, Aventura is devoted to build its relations beyond just business.
